Prizes Galore at Free Cooking School

Wednesday, March 26, is going to be a big day for Washington Township homemakers.

Hundreds of housewives from the surrounding environs are expected to flock into Niles to take part in the Magazine California "Country Carnival."

It will be the biggest appliance show ever held in Washington Township, bar none, and will feature everything from tips on cooking inexpensively to the presentation of prizes, including a $300 electric range.

Scheduled for two performances, 2 and 7:30 p.m., in the Veterans' Memorial Building, the Carnival is rated as one of the top public service events ever held in this area.

Each Township appliance dealer—Walter Connolly's, O'Mara's, Neilson's, Centerville Electric, Newark Electric, Niles Electric and Niles Furniture—will display the latest equipment in fabulous booths being arranged around the hall.

Representatives will be on hand at each booth to show the appliances — stoves, refrigerators, electric mixers, washing machines, electric toasters and everything else, small or large, that can be classified in that type of merchandise.

The evening show, which will feature the presentation of the $300 electric range to the lucky township area housewife, will also offer entertainment, including solo dance numbers and musical numbers by Veronica and Helen McElvain, Richard and Larry Robbins, Gene Silva and Carol Ann Rose.

Everything will be free, too.

Besides the electric range, there will be many other prizes being presented by the cooperating appliance dealers, the Northern California Electrical Bureau and Magazine California. The prizes include shopping bags crammed full of food, considered one of the economic prizes to be presented.

Here is just a little idea of what a flock of marvelous prizes are on the griddle:

Grand prize: A $300 Electric Range.

Shopping bags crammed full with food, an economic prize if ever there was one, are scheduled to be presented to lucky housewives.

Lots of give-away prizes are being donated by the local appliance dealers and other merchants of the township.

One, two and three year subscriptions to The Township Register, "your own home newspaper," will be presented from time to time during the program.

Free entertainment, including music and solo dancing, is also in the offing for the night show.

Prizes will be presented at both shows, but the major ones, including the $300 electric range, will be given away to the lucky winner during the evening show.. You must be present to win.

This "Country Carnival" will be held as part of a series of community service programs being sponsored throughout the state by Magazine California in cooperation with the P. G. & E.

The program will feature the showing of home appliances, such as stoves, refrigerators and other equipment, plus the cooking school.

Probably the most unique feature in the program is that it will be free to all township area homemakers.

$100.000 BOND ISSUE TO FACE VOTERS AT MISSION

A $100,000 school bond issue was approved last week by the board of trustees of the Mission San Jose Grammar School and will be put to vote by the people of the Mission school district on May 16.

The $1.30 school tax rate and candidates for the school board of trustees will be voted upon the same day.

The proposed bond issue, stated Jed S. Oxborrow, principal of the school, was determined necessary by the board of trustees to meet an anticipated school expansion program. Expected increase in student enrollment will necessitate more class rooms.

Residents of Mission San Jose have recently voiced opposition to recommendations that the school district be consolidated with an adjoining district (Irvington) or with a township unified grammar school district. Though strongly opposed to such suggestions at the present time, it was pointed out by Michael J. Overacker Jr., president of the Mission San Jose Chamber of Commerce, that residents of the community would "keep an open mind" on the subject and any final decision would rest upon developments in the future.

The $1.30 school tax rate, originally approved four years ago, is again up for approval of the Mission people. Failure to extend to $1.30 rate would result in the former 80-cent rate being reinstated. School officials pointed out that current operating expenses can not be met under the old rate.

The position on the board of trustees to be filled May 16 is now held by Frank Vargas, who has filed for reelection.

The proposed school bond issue is the first such bond issue to come before the voters of Mission San Jose.

NILES BOY WINS UNUSUAL PRIZE

You've heard of the luck of the Irish.

Now you're hearing of the luck of the Robbins.

Mrs. Ruth Robbins of Niles has gained something of a reputation for herself by winning contests she has entered. She has apparently imbued that same spirit of winning into her family, for this week the Robbins family learned that their adopted son, 11-year-old Larry, has won an acre of land!

Larry, proud and happy in his "adopted" home, wrote a letter to the "Lucky U Ranch" radio program on station KGO, telling about his happiness, in a letter-writing contest.

Last Monday it was announced over the air that he had won!

The prize is—of all things—an acre of land. The Robbins have not yet learned the location of this acre. They are not expecting a parcel of land on the Monterey Peninsula or in the Lake Tahoe region, of course, but wherever it is they are proud of Larry for winning it.

'GUESS WHO' MAN ACTIVE IN C. OF C.

Did you know, without searching for the answer, that last week's "guess who" man was Carl Christensen, manager of the Irvington bank?

You probably won't have much difficulty in recognizing this week's "mystery man." In case you do, however, look through the pages of this paper. You will find the answer.

He was born in Oakland, but came to Niles when he was about five years old.

His father was agent for the S.P. in Niles for several years, and the family lived in Niles Canyon.

He went to the Niles elementary school and to Washington High.

In high school he was a basketball star. He and his brother, who was at one time manager for Shuckl's, were the only two brothers in Washington High history to hold office as student body presidents.

He started with his present firm, for which he is now branch manager, 19 years ago in Niles. He has been employed by the same firm in Oakland and Pleasanton.

Although he grew up in Niles, he is very active in a Chamber of Commerce that is NOT in Niles.

His favorite sport is deer-hunting.

Guess who!

NILES 4-H CLUB INVITES PARENTS

The 4-H Club of Niles will meet Monday evening at the Niles Grammar School. Parents are especially requested to attend, because several vacancies in division leaderships must be filled.

Monday's program will feature a poultry division demonstration, and there will be a guest speaker from the University of California.

The 4-H Council meeting will be held on Tuesday, March 25, in Pleasanton.

TOWNSHIP CHAMBER TO REQUEST STATE BUY VALLEJO MILLS

A proposal to request the State Park Commission to purchase the old Vallejo Mill tract at the entrance to Niles Canyon for an historical park site was approved by the Washington Township Chamber of Commerce Wednesday evening.

The Chamber's decision came after John K. Knight, representing the Division of Beaches and Parks for the State Park Commission, presented the meeting with alternative plans for the acquisition of the area which is now owned by the San Francisco Water Department.

Knight declared that in the purchase of property for recreational use or as an historical site more than one half of the cost of the property must come from other sources than state funds, and that before aquisition the state must undertake a survey of the area as to the merits of the proposal.

It was also pointed out that since there was no legal political subdivision in the township which could effect the purchase, the only agency that could do so other than the state was the Alameda County Board of Supervisors. Knight also stated that of the 114 parks and historical monuments owned by the state, 80 are leased back to political subdivisisons for management.

Members expressed the opinion that by requesting the state to acquire the Vallejo Mills tract, the first step toward realization of a larger recreational park for the area would be accomplished. Future acquisition of additional property in Niles Canyon to be added to the Vallejo Mills tract will be sought.

The original proposal to create a recreational park in the Niles Canyon area was made by the Niles Womens Civic Club.

Vernon Ellsworth of Niles was appointed by Allan Walton, president of the Chamber, to present the purchase proposal to the State Park Commission.

The Chamber also voted to write again to Senator William F. Knowland and Congressman George P. Miller urging them to support appropriation of funds to enable the Army Engineers to complete a flood control survey.

Final business of the session was the selection of a zoning committee to represent the Chamber at the meetings of the Oakland Real Estate Board. Named to the committee were Bruce E. Michael (chairman), Manuel Hidalgo and Gordon Cotton.

WOMAN MISSIONARY IN CENTERVILLE

Next Thursday evening the monthly meeting of the Centerville Presbyterian Womens Society will feature Mrs. Edith Park, a former missionary to China, who will speak on "China, Christianity and Communism." Mrs. Park is an aunt of Mrs. Ruth Steward, the pastor's wife. Hostesses for the meeting are to be Mrs. Verna Hiebert, Mrs. Christine Hygelund and Mrs. Marian McClain.

TWO IN RACE FOR SCHOOL TRUSTEE

An election contest for the board of trustees post in the Decoto School District was assured this week with the filing of candidacy papers by Francis Kowanlewski of Hillview Crest. Manuel White, incumbent board member, had filed previously for re-election.

Rumors of a third candidate have circulated the Decoto area in the last few days. Last filing date is April 15.

Kowanlewski is making his first bid for membership on the board of trustees. White has served the Decoto School District for ten years as a board member.

School officials announced this week that three polling places have been designated for the school trustee election, the Decoto Grammar School for the central Decoto area, the Barnard School for the Hillview Crest area, and the Masonic Home.

20-30 CLUB BEING ORGANIZED HERE

Organization of a 20-30 club for young men of the township got under way this week at the home of Rowan Henry of Irvington. Fifteen were present to discuss further organization plans.

The local club will be an expansion of the Hayward club, and is open to any young man between the ages of 20 and 36. The next meeting will be held at Roethlin's in Irvington next Tuesday at 7:30. Any township young man in the age bracket mentioned is invited to attend.

FOOD SALE SATURDAY

A food sale, under the chairmanship of Mrs. Irene Marks, will be held at Brown's Appliance in Warm Springs Saturday, March 22. The sale will feature baked goods.

RAINFALL CAUSES SPOTTY DAMAGE

Although no estimate in dollar loss has been made, reports of spotty damage resulting in the recent rains have been received from throughout the township. Total rainfall this year has reached 26.76 inches, as compared with last year's 20.74 for the same period.

Farm Bureau officials stated this week that there is danger of serious crop and orchard damage if heavy rains continue.

The 1.63 inches of rainfall last Saturday resulted in emergency repair work being undertaken at the levy northeast of Alvarado bordering the Holly Sugar Refinery and the Southern Pacific tracks. Twenty-seven volunteers worked from 2 in the afternoon until nearlqy midnight to prevent a break-through on the levy which threatened to inundate the business section of the community.

A large area southwest of Alvarado and west of Highway 17 remains flooded.

Officials at the Alameda County Water District office in the county building at Centerville reported this week that the ground water table is at its highest level in 9 years and forecast that in nearly all areas of the township it would reach sea level.

Rainfall for the past week amounted to 2.5 inches. Daily fall was March 13, .08; March 15, 1.63; March 16, .23; March 19, .5; March 20, .06 inches.

TO RECEIVE DEGREE

Kee S. Kitayama of Niles will receive his bachelor of science in agriculture from the University of Ohio when he graduates this month with the winter quarter graduating class. Kitayama is one of six students from California to be graduated this spring from Ohio State University.

HILLVIEW CREST TO AIR TROUBLES AT MASS RALLY

In an attempt to find a solution to their difficulties, the residents of Hillview Crest will hold a mass meeting and open forum discussion Sat., evening, March 22, at the Memorial Building in Niles. The meeting is scheduled for 8 o'clock.

Three unofficial committees will report their findings regarding possible annexation of Hillview Crest to Hayward, incorporation with Decoto or the establishment of a community service district.

A fourth committee will report their findings on maintaining a status quo.

The committees will not offer recommendations, sponsors have indicated. They hope that whatever course is adopted will be chosen after a full discussion by the committee of the whole, spokesmen said.

TO SEND DELEGATE

The Washington Township Chamber of Commerce Wednesday evening voted to send to the rally a representative empowered to offer the assistance of the Chamber in finding a solution to the community's problems.

Mrs. D. V. Falconer, acting secretary for the sponsoring group, stated, in an interview with The Register, that the problems facing Hillcrest View included inadequate street lighting, no means of maintaining and repairing storm sewers, inadequate mail delivery and lack of proper traffic signals. She pointed out that talk of annexation, incorporation or the establishment of a service district was only a means to find the proper method of correcting the present inadequacies.

ORGANIZATION NEED

"Some time ago," she stated, "we were informed that the county supervisors had authorized the installation of twenty street lights but as yet nothing has been done about their installation. We recognize a need for some organization to follow through on these things."

Mrs. Falconer indicated that there was as yet no formal organization of Hillview Crest residents. The group sponsoring the rally and of which she is acting secretary and spokesman, has no other officers.

"We are just a group of neighbors trying to find a solution to our common problems," she stated.

The Decoto Chamber of Commerce at its last meeting voted to make a study of the Hillview Crest incorporation proposal. A committee was appointed to undertake such a study before the Chamber's next meeting.

Hillview Crest is part of the Decoto Elementary School and Fire Districts. Other services and utilities are on a contract basis, there being no other established service districts for the area.

BAZAAR IN ALVARADO TO BE HELD TONIGHT

The Paul Rivers Post, V.F.W., is holding its annual bazaar at the I.D.E.S. Hall in Alvarado. It opened last night and will be held again tonight (Friday).

In addition to the items for sale, entertainment will be provided.

WARM SPRINGS C.C. DEBATES PROPOSED LAND USE MAP

A tentative land use map was presented to the Warm Springs Chamber of Commerce at their recent monthly meeting by John Thomas, engineer for the Alameda County Planning Commission. The plan, made at the request of the Chamber, is a result of six months' work by the engineers.

The Chamber recommended several changes in the plan, and was assured by Thomas that full consideration would be given the requests. A revised plan will be presented for final approval next month.

ACRE LOTS PROPOSED

According to Bruce E. Michael, president of the Chamber, much interest was shown in the proposal that certain areas of the foothill district be set aside for one-acre residential lots. Michael pointed out that several real estate subdividers have been interested in the possible development of this and other areas of Warm Springs.

Other recommendations included the proposal that the plan allow for additional commercial areas along the highways and that the proposed industrial section be moved further south.

PLANNING MANDATORY

Commentng on the tentative plan, Thomas stated that the drawing of a master plan was in accordance with the State Conservation and Planning Act which obligates the counties to adopt such plans.

Since the next meeting is expected to be the last devoted to the consideration of town planning, Chamber officials are now urging owners of property designated for single family dwellings to give consideration to lot sizes and to present their views to the Chamber on April 10.

YOUNG HUNTERS PLEAD GUILTY

Two young men, Jolly B. Jones, 22, and E. Cleveland Pierce, 23, both of Campbell, pleaded guilty in the township justice court last week to shooting band tailed pigeons out of season and carrying a loaded rifle in their car. Judge Allen G. Norris fined them $50

The youths were apprehended by Fred Rogers, game warden, on the Calaveras Dam Road. Rogers discovered game pigeons hidden under the front seat of the youth's car.

HOUSE GUEST

Mrs. J. L. Byrne of San Jose Highway has her sister, Mrs. Nel Wayne, visiting from Yreka. Mrs. Wayne will be here for about a month.

EDWARD ROBINSON IN SAN JOSE SUNDAY

Edward G. Robinson in "Darkness at Noon" will appear in person in the auditorium, San Jose, on this Sunday evening, March 23. After a year's run on Broadway, where the play received the New York Drama Critics' and Donaldson Awards, and a successful road tour of capacity houses, the show returns to Broadway in May, where it will reopen.

Dealing with the police state, the play is gripping and powerful, a "must" for everyone who goes to the theater. Robinson is at the peak of his acting career, while everyone of the 21 actors does a brilliant and superb job of acting. Lois Nettleton as Luba, Robinson's mistress, rises to emotional heights in two scenes rarely paralleled on the present-day stage.

Tickets for "Darkness at Noon" are on sale at the Denny-Watrous box office, San Jose auditorium.

PROPOSE VETERANS TOWNSHIP COUNCIL

Formation of a Washington Township council of veterans' organizations was discussed Tuesday evening by representatives of the four ex-service organizations in the township. A draft proposal to form the council was drawn and will be submitted to the four organizations for approval.

Purpose of the council would be to coordinate and cooperate on veterans' affairs in the township, to avoid duplication of effort and planning and to act as a service agency to give advice and assistance when needed to veterans' families.

The four veterans' organizations to constitute the council are: the Washington Township Post of the American Legion, Niles; the Paul Rivers Post., V.F.W., Alvarado; the Vallejo Mills Post, V.F.W., Niles, and the Joseph and Stanley Bernardo Post, V.F.W., Irvington. These organizations will act on the proposal prior to April 15 at which time a final organization meeting is to be held.

The initial organization meeting was attended by Mr. and Mrs. Arthur Gomes, Centerville, Edward Fantuzzi, Alvarado, Paul Powers, Centerville, Leland Steinmetz, Wallace Pond and Walter Roethlin, all of Irvington.

'TONETTE' PROGRAM FOR PTA

Students of the fourth grade class at the Niles Grammar School entertained the P.T.A. recently with a musical program. In presenting their numbers the children played "tonettes," an instrument proven to be an excellent device for testing the musical aptitude.

Participating in the program were Laurel Whipple, Valerie Lauchert, Loretta Mae Avilla, Jimmie Meeker, Duane Harrelson, Connie and Carol Morris, Allen Gaunt, Rosemarie Fazio, Susan Tuana and Donnie Buehler.

The California State Library has more than 50,000 volumes of books for the blind.

TAX STAND GIVEN CENTERVILLE C. OF C.

"The capital outlay responsibilities which the state so far has been unable to meet because of shortages far exceed in cost the amount of the surplus now existing in the general fund," Assemblyman Francis Dunn Jr. informed the Centerville Chamber of Commerce this week.

Dunn's statement came in a letter to the Chamber in answer to their recommendation for a cut in state taxes by not adding to the present surplus. The Chamber made no specific tax reduction recommendation but went on record opposing a continued buildup of a surplus in state funds.

"I would appreciate the opportunity to discuss this matter personally with the members of the Chamber of Commerce," Dunn wrote. "A mere flat statement as to whether there is an actual surplus or merely delayed action on many of the state's responsibilities cannot be properly considered except by a discussion allowing for questions and answers," he added.

The assemblyman's reply was read at the Chamber's weekly meeting Monday.

MEMBERS SOUGHT BY IRVINGTON C.C.

A drive to obtain the farmers and dairymen of the community as active members of the Irvington Chamber of Commerce was inaugurated this week.

"Farmers and dairymen are vitally interested n the problems facing Irvington, just as the merchants are," stated Walter Connolly, president of the Chamber. "We desire their advice and cooperation."

Wallace Pond, first vice-president of the Chamber, has been named to head the membership drive. He reported several new members had joined during the past week.

Those interested in joining are invited to attend a meeting of the Chamber which gathers each Tuesday noon at Roethlin's Cafe.

The Chamber also voted to investigate the possibilities of redesignating certain rural mail delivery routes. Local residents have requested the chamber to seek such redesignation, claiming that although they are identified with Irvington they are obliged to use another post office address.

Named to the committee to make the investigation were Allan Hirsch, "Speed" Baker and Dr. Frank McMahon.

PLAN VISTA DOME TRAIN RIDE FOR SAFETY PATROLS

Hundreds of kids of the School Safety Patrols of Alameda County, including over a hundred from Washington Township, who have never ridden a train—at least a train with a vista dome—will have a real thrill next Friday, March 28, when they are guests aboard the California Zephyr on a trip from Oakland to Tracy and return.

This outing is the first of what is expected to be an annual affair honoring the children of the patrols who direct traffic for their classmates in the elementary schools of the county. The selection of members of the patrol to make the trip will be made on performance records of the past three months.

Children from Alvarado, Newark, Centerville, Niles and Irvington Elementary Schools will make the trip which is being sponsored by the California Highway Patrol, Southern Alameda County Motor Car Dealers Association and the Western Pacific Railroad.

Plans call for the chidren to board the train in Oakland at 5:30 p.m. The famed Vista Dome train will travel along the regular route and schedule to Tracy where, while the train is being switched, the children will eat their lunches.

The train wll leave Tracy on its return trip at 7:20 p.m.

During the trip the train's public address system will be used to point out interesting sights to the children and direct them to different parts of the train.

FASSALLO TALKS TO MISSION C. OF C.

Nelson Fassallo, assistant superintendent for business services of the Alameda County schools, discussed the proposed $100,000 school bond issue wth members of the Mission San Jose Chamber of Commerce at its regular monthly meeting last week.

Fassallo also presented the chamber with information regarding the current $1.30 school tax rate, and Michael J. Overacker, Chamber president, told of the Chamber's support of the two measures.

The Chamber voted to conduct a spring clean-up campaign to start April 15. Committees for the campaign are to be named by Herman Medeiros, vice-president, and final plans for the campaign will be announced at the next meeting, scheduled for April 14.

It was also announced that Wallace Boggs, Alameda County surveyor, will address the Chamber at its next meeting on the subject of county roads.

CHICKEN POX

Little Denise Gonzalez, son of Mr. and Mrs. Galo Gonzalez, is recovering from a bad case of the chicken pox. His sister, Anita, recently got over hers.

APOLOGY

I apologize for the error (although I don't know how it happened) to Mary Garcia on the mistake of her name as being Cunha in last week's column. She was the one who gave Shirley Garcia a stork shower.

HISTORICAL GROUP GIVEN HEIRLOOMS

Mrs. J. C. Shinn, president of the Washington Township Historical Society, announced recently that several valuable contributions had been received by the organization for its projected museum.

two heirlooms from the pioneer Overacker family have been given to the Society by Mr. Jack Chandler in memory of his mother, the late Evelyn Bunting Dusterberry. These are a spinning wheel and a flax wheel which were brought to California by the bride of Howard Overacker, early supervisor of Alameda County and early landowner in Washington Township.

Miss Elizabeth Dusterberry has donated to the Society a membership badge of the now defunct Ancient Order of United Workmen. The badge belonged to her father, the late Henry Dusterberry, who was one of Alameda County's early supervisors. In addition to valuable newspaper clippings, Miss Dusterberry has given the Society a program-menu of the annual dinner of the Society of Pioneers, held at the Gregory House in Centerville on April 9, 1904.

Other contributors to the Historical Society have been Mr. Robert Blacow, Mr. Stuart McClure and Mrs. E. Van Buskirk. Anyone desiring to contribute mementos of the past to the Society is asked to contact Mrs. Franklin Brown, curator, or any member of the Washington Township Historical Society.

The "Alta California," a weekly newspaper, became the state's first daily with its issue of January 23, 1849.

THEME FOR MUSIC SHOW ANNOUNCED

Music's contribution to mankind will be the theme of the third annual Musical Festival to be presented by the Washington Township elementary schools on May 1, Lee Lykens, coordinator of music for Alameda County Schools, announced this week.

Plans, which call for the festival to be held in the gymnasium of the Washington Union High School, are nearing completion, he said.

Over 400 students will make up the chorus and between 150 and 200 will be in the orchestra. A special verse choir of 20 voices will handle the narrative. Two dance groups will participate in the program.

"All the elementary schools in the township are contributing to the program," Mr. Lykens stated, "and this year's festival should surpass those of other years."

SCHOOL TEACHERS WILL TAKE BACK SEAT

* * * * * * * * *

STUDENTS TAKE OVER ON 'STUDENTS' DAY'

Teachers will take a back seat —the farthest seat to the rear in each class room—at Washington High School next Friday, March 28. They will "recite their lessons" and otherwise be just plain students for the day.

For on that day some 190 high school students will have the pleasure—and experience—of conducting class and administering school affairs.

"This is something entirely new," said Vernon J. Goold, principal, this week. "It's an experiment and we have chosen to call it 'Students' Day'."

The experiment, in which the entire student body is partcipating, is designed to give the students an insight into some of the problems of the teachers and supervisors and to afford the teachers an opportunity to make a critical analysis of teaching from the students' point of view.

Each of the 198 classes will elect a student to be their teacher on that day. To enable more students to participate as teachers, a student may be elected to only one teaching position.

Students for the administrative positions will be chosen at a special meeting of the student body today.

When final selection of student-teachers and student-administrators has been made, the teachers and administrators will meet with their counterparts for a "briefing" session. Lesson assignments for March 28 will be thoroughly prepared and views will be exchanged between student and teacher.

"Students' Day" has also been set aside for the annual interclass track meet. In the afternoon the Girls' League of the high school will hold a special meeting.

To enable students to get a heavy schedule of exciting events into a crowded day, classes will be limited to 40 minutes.

Jud Taylor has been named as coordinator. Success of the experiment will ensure it becoming an annual event at Washington Union High School.

TO CHANGE BILL PAYMENTS

Residents of Mission San Jose will be able to pay their Alameda County water bills locally at Helen's Fountain, the Mission San Jose Chamber of Commerce announced this week. Chamber officials said residents of the community would be notified by mail when the new plan would be placed into effect.

GUN REGISTRATION FILE ESTABLISHED

Voluntary gun registration is being taken at the Washington Township substation of the sheriffs office, Captain R. E. Condon, officer in charge, has announced.

Purpose of the gun registration is for the protection of the owner in case of theft and for prospective owners who wish to check registration numbers of guns considered for purchase.

The registration is voluntary and free, Condon pointed out, and persons desiring to register their firearms may do so at any time.

a time-saving tip . . .
look up numbers you're not sure of before you call
Have you ever had the feeling you're not quite positive of a familiar telephone number you're about to call? Your memory tells you it's 1338 . . . or is it 3138? If you'll take just a moment to look up the number in the telephone book—jot it down—then call, you'll be sure of the right number. You won't have to make the call a second time . . . and you'll avoid the embarrassment of calling the wrong number and having a stranger answer.

this free booklet for the local and out-of-town numbers you call most often, is yours for the asking. Just telephone, send a card or drop in to your nearest Pacific Telephone business office.

BANK IN NEWARK PROGRESS TOLD

Prospects for the establishment of a bank in Newark were reported favorable by Paul Gygax, chairman of the Newark Chamber of Commerce banking committee. The committee's progress report was read at the regular monthly meeting of the Chamber this week.

"Negotiations with banking interests have proceeded slowly, but we are greatly encouraged," Gygax stated. "We hope to make a definite announcement on the matter in the very near future."

Establishment of a Newark bank has been the goal of many months of work by the banking committee. Others on the committee in addition to Gygax are: Arthur Cotton, Dr. Howard Buschke, Paul Heiling, C. W. Lindsay, Stanley Menetrey, John S. Oliveira, Frank Veit, Sam G. Scott, Jake Jacobsen, Mrs. Vincent Sulezich, Edward O'Mara, T. C. Gunn and E. B. Hodges.

A representative of the Southern Pacific Company addressed the meeting on the subject of the railway's policy relative to the sale or lease of its property fronting on Thornton Avenue. Members were informed that the property is not for sale but that a leasing agreement could be worked out. The Chamber has been interested in the land as a possible commercial expansion zone.

Final business of the meeting was the announcement of the appointment by Ken Foster, president, of Gordon Cotton, Vince Kaehler and Paul Gygax as representatives to the township chamber.

Foster also announced appointment of members to five committees. They are: Louis Caldeira, Bill Hildebrand and Paul Heiling, streets and lights committee; Gordon Cotton, Arthur Biddle and Ray Truscott, business and industry; Joe Pashote and Louis Caldeira, welcoming committee; Gordon Cotton, Joe Pashote and Jake Jacobsen, zoning and land use committee; and T. C. Gunn, Jack MacGregor and Bill Hildebrand, youth activities.

BAILEY ACQUIRES GRIMMER RANCH

L. E. Bailey, one of the township's largest growers and ranchers, has acquired 290 acres of land formerly owned by Dr. E. M. Grimmer.

The land, which adjoins other property already owned by Bailey, is located southwest of Irvington on Cook Road. With this new addition, Bailey now owns almost 900 acres in this particular site. He plans to use it for a cattle ranch.

The deal was handled by Charles Wauhab, Centerville broker.

WARDEN TRAINING NEARS COMPLETION

Certificates of completion of the black warden training course under the Civil Defense program were issued this week to those attending the classes in Newark, Alvarado, Centerville and Decoto. Final classes will be held tonight and next week in other township communities.

Defense training officials early in the week announced the discontinuance of the class being conducted in Mission San Jose. The class for Hillview Crest residents was combined with the Decoto group and final meeting of that class is scheduled for tonight (Friday).

Graduates of the course will receive, in addition to their certificates, arm bands and window cards. The latter are for display to attract attenton to the residence of a trained block warden.

A number of requests for first aid instruction were received by defense training officials and a class is being inaugurated at the Alvarado Elementary School on March 31 with Clyde E. Voorhees, Washington Union High School teacher, as instructor.

Interest in a first aid class has also been shown at Warm Springs. Residents there have been asked to contact Mrs. Oscar Pohl of that community if they desire to take the course. Officials pointed out that 15 persons must register for the course before the course may be given.

ROTARY NAMES BOARD NOMINEES

A three-way tie for tenth place in the voting yesterday for nominees to the board of directors of the Niles Rotary club places 11 names on the ballot for election of the board scheduled for next Thursday.

The eleven nominees are: George Bonde Jr., John Brahmst, Clifford Dennis, Vernon Ellsworth, James Eubanks, Bill Helm, Clarence Lesser Richard Nicklasson, J. A. Ratekin and Howard Steward.

Five of the 11 will be chosen for the board of directors, which in turn will select the president and secretary.

PAST DEPUTIES MEET

Members of the Past Deputies Association of Alameda County, I.O.O.F., held their annual lunch at the International Kitchen last Tuesday, under the direction of Anna Bradford, president of the Association.

NICHOLS ENTERS PLEA OF GUILTY

Thomas Cloyd Nichols, former Newark resident, pleaded guilty before Judge Allen G. Norris in township justice court last Friday to one count of burglary and was certified to superior court for sentencing.

Nichols, currently serving a sentence in San Quentin on a San Francisco burglary conviction, appeared last week before Judge Norris who dismissed the second charge facing Nichols. He had been charged with two burglaries in Washington Township.

When arrested last December, Nichols was wearing clothing identified as having been taken from the Township Cleaners in Irvington. The Irvington cleaning plant had been burglarized two days after the Sears and Houston Store in Newark. Loss to the two establishments amounted to several thousand dollars.

BUSINESS AND PROFESSIONAL WOMEN'S CLUB PLANS STYLE SHOW AND BRIDGE

A new and different type of fashion show, shown for the first time in northern California, will feature figure-types in foundation garments, as well as new spring fashions, dresses, sportswear, play clothes, bathing suits and lounge wear, at the Business and Professional Women's annual fashion show and dessert bridge to be held at the Veterans Building in Niles on Saturday, March 29. The show starts at 1:30.

Fashions shown will be from the Thelma Richardson shop in San Jose, while children's fashions will be from the Gee Dee shop in Niles.

Original hat designs inspired by Mrs. Ann Jackamelli's millinery class at Washington High, will also be shown.

Footwear and handbags will be from Miller's Shoe Store, Centerville.

Models at the show will be: Mmes. M. E. Amaral, Ann Galvin, Esther Burtch, Lucy Katzer, Irene Henderson, Janet Bruner, Rae Thompson, Isabel Garcia, Mona Grieve, and the Misses Rosalyn Egan, Harriet Dias, Antoinette Pimentel, Thelma Biale, Dorothy Roney, Donna Moore, Marilyn Enos, Annette Reviati and Elvamae Rose.

The children who will model will be: Mary Ann Duarte, Janet Whitfield, Jill Voorhees, April Grieve and Patricia Ann Garcia.

Miss Audrey Carmody of Centerville and Miss Thelma Richardson of San Jose will be the commentators, and Miss Margaret Williams of Decoto will furnish incidental piano music.

Mrs. Carmelita Berge Freitas is general chairman of the show. She is being assisted by Mrs. Janet Bruner, in charge of refreshments; Miss Dorothy Czerny, n charge of decorations and prizes; Miss Olive Howard and Mrs. Mary Duarte, publicity; Mrs. Gertrude Enos, Mrs. Leila Oliveira and Miss Rosalyn Egan, reservations.

Christening in Newark Church

The Rev. Father Gilbert, new pastor at St. Edward's Church in Newark, performed his first Newark christening last Sunday. The five weeks old daughter of Mr. and Mrs. James Aguiar of Newark was christened Mary Deborah.

Standing up as godparents were Mrs. John DeGarcia and Benjamin Lizardo.

After the christening, a dinner party was held at the home of the baby's grandparents. Mr. and Mrs. Alex Lizardo. Approximately 35 relatives and friends were present.

Niles Girl's Troth Announced by Parents

Mr. and Mrs. Manuel Bettencourt of Niles have announced the engagement of their daughter, Edna, to Joseph Frades Jr., son of Mr. and Mrs. Joseph Frades of Centerville.

The future benedict, who attended schools in Hayward, is associated with his father in the nursery business.

Miss Bettencourt attended schools in the township.

No date has been set for the wedding.

Fishing Luck

"Maybe it's the new red truck that I drove that brought me luck," said Jim Swanson of Niles, who took time off from his tile-setting to take a fishing trip to Antioch. He came back with a nice 8-pound bass.

At Luncheon Meeting

Mrs. X. Stone, Mrs. Charles Brewer and Mrs. Joe Burnsed of the Irvington P.T.A. attended a luncheon meeting Thursday of the Phoebe Hearst Council, held at the Ashland School.

Luncheon Honors Author, Lecturer

Mrs. Wilda Mette of Centerville, principal of the Russell City school, was hostess at a luncheon at the International Kitchen last Wednesday honoring Mrs. Natalie Cole, noted author and lecturer on the education of children in the creative arts.

Mrs. Cole, a dynamic woman, striking in appearance with her snow white hair drawn back in a chignon and with a charm that immediately draws people to her, has an entirely new and different conception of the teaching of the creative arts to children.

"Let them (the children) be free of inhibitions" she stated emphatically. "With the proper psychological approach, the teacher can bring this about. With the freeing of inhibitions in the child the teacher herself is relieved of constraint and inhibitions, and the result is a rapport between teacher and child that is conducive to the most amazing results in the arts—in dancing, free-hand sketching, music, writing."

Mrs. Cole is a living example of the workability of her theory, for her composure and serenity immediately relieve those in her presence of any inhibitions or any feeling of constraint. She has made an outstanding success nationally, not only with her book, "The Arts in the Class Room," now in its ninth editon, but in her lectures.

Other guests at Mrs. Mette's luncheon were Mrs. Helen Townsley, Mrs. Eulalia Tillotson, Mrs. Jean Sorenson, and Mrs. Vivian Batman.

Paratrooper in Georgia

Sergeant Bob Lizardo, Centerville boy, is now taking paratroop training at Fort Benning, Georgia. It will be a four weeks' training course and then he will return to Fort Bragg, North Carolina, where he has been stationed since he left Camp Roberts on February 11.

The young sergeant has been in the service for a year.

Off to College

Miss Betty Grau, daughter of Dr. and Mrs. E. C. Grau of Niles, has gone to southern California to complete her college education. She had previously been attending San Jose State. She went to Redondo Beach to stay with friends, until she decides whieh college she will enter. Her choice of college will depend on the musical course, as Betty expects to continue with her vocal career.

DECOTO DISCUSSION GROUP LEARNS INSIDE STORY OF GENERAL EISENHOWER

By ETHEL AVILLA

Miss Kay Summersby tells an inside story of a great military commander from a woman's point of view in "Eisenhower Was My Boss." Her book made interesting discussion at the last meeting recently when members and guests of the Decoto Discussion Group met at the home of the hostess, Mrs. Dora Mae Scudder. Mrs. Roland Bendel and Mrs. Maurice Marks were guests. A delicious two-course luncheon was served at noon by the hostess, assisted by Mrs. Bendel.

"Eisenhower Was My Boss" is a portrait of the General as Miss Summersby saw him during the tense years of World War II when she acted as his chauffeur and aide in England, Africa, Italy, France and Germany. She pictures him as a great humanitarian and tells of the tremendous problems he had to solve and of the responsibilities which were his alone. Mrs. Bernie Joseph was leader of the discussion and her interesting questions led to the comment voiced by many: that while he has qualities of fine leadership on the battlefield, does he have the necessary qualifications that make a good president?

Mrs. Marks is to be hostess to the group on April 2 at her new home in the Mission. She is also planning the program.

Child Welfare Club Divided in Groups

The Child Welfare Club will meet at the home of Mrs. L. E. Bailey next Monday, with Mrs. Tom Power acting as co-hostess.

The Club has been divided into seven groups of five members each, for the purpose of promoting group money-making projects. Further details of the new plan will be mapped out at Monday's meeting.

Mrs. Allan Walton is chairman of the Club.

'HOUR OF SHARING' SCHEDULED SUNDAY

This Sunday the Centerville Presbyterian Church will join with thousands of other United States churches in the 1952 Protestant United Appeal for overseas relief. This appeal, called "One Great Hour of Sharing," now in its fourth year, raised $662,000 in 1951.

Money saved through sacrificial meals and nickel-a-meal banks will be given by Christian families in their local churches throughout America as they join in "One Great Hour of Sharing." Continuing the lenten theme of the Saviourhood of Christ, and in keeping with this Sunday's special emphasis, the sermon topic this Sunday morning will be "Christ—Saviour of the World."

The Air Force Library Service maintains 118 main libraries within the continental United States and 35 main libraries overseas.

FRANK VARGAS FILES FOR TRUSTEE

Frank Vargas, incumbent member of the board of trustees of the Mission San Jose Grammar School, has filed for re-election, it was announcd this week.

Election for trustees of all nine grammar schools in the township will be held May 16. Last filing date for candidates is April 15.

Only one trustee's term in each district expires this year. Vargas' term expires this year at Mission San Jose and not the team of Joe F. Azaveda as had been previously reported.

KITE CONTEST AT NILES SCHOOL

A St. Patrick's Day kite contest at the Niles school brought forth the following winners: Clifford White, largest kite; Kenneth Hamilton, smallest; Ronnie Schaaf, highest flying; and Russell Larson, the most unique.

Peter Juhl of Niles was the judge.

Large numbers of golden-mantled marmot are found in Yellowstone National Park.

POT-LUCK SUPPER AT NILES CHURCH

The Rev. Paul Focht of the Niles Congregational Church will preach the fourth in his series of Lenten sermons on "Christianity in Your Life" this Sunday at the 11 a.m. worship service. Sunday's sermon is entitled "Like the Plowman."

On Thursday evening, March 27, at 6:30 o'clock, the church will hold its regular monthly pot-luck supper. The evening entertainment includes a variety show by local talent.

NEWARK News Notes

Mrs. J. Taylor and Mrs. A. Carter were the hostesses for a dessert bridge party given at Mrs. Taylor's home on March 18. The guests included the wives of the faculty members of the local high school.

CHILD TAKEN TO HOSPITAL

Seven-year-old Jimmie Nevis, son of Mr. and Mrs. James Nevis, was rushed to the San Jose Hospital last Monday as a very ill little boy. X-rays revealed that Jimmie's trouble was caused by a fish bone which he had swallowed. His parents brought him home the following Wednesday.

BABY GIRL FOR THE FARIAS

At the San Jose Hospital on Friday, March 14, at ten o'clock, Mr. and Mrs. Joe Faria became the happy parents of an eight pound, four ounce baby girl. They have named their tiny daughter Veronica. The Farias have three other children: Richard, Lionel and Patsy.

ENTERTAINS

Mrs. John Schull was the hostess at a regular meeting of her Dessert Bridge Club last Thursday. Those members who attended the party were: Mrs. L. Mann, Mrs. V. Brown, Mrs. C. Redeker, Mrs. P. Gygax, Mrs. V. O. Kaehler, Mrs. J. Taylor and Mrs. W. Dutra.

BENEFIT FOOD SALE

The Newark Womens Improvement Club will be holding a food sale tomorrow for the benefit of the Newark Girl Scouts. Proceeds will go towards financing the girls way to Established Scout Camp this summer.

The sale will be held at Sears and Houston's store on Thornton Avenue and will begin at 10 a.m. The food is being donated by the women of the club and will feature home baked cakes, pie, beans and salads.

CELEBRATES BIRTHDAY

Miss Judy Lloyd was honored at a party given by her mother on March 18 to celebrate her ninth birthday. Tbout twenty-one of her friends were present to play games and have refreshments.

BOY SCOUTS TO SEE GAME

At the Emeryville ball park tonight the famed New York Giants will meet the equally famous Oakland Oaks of the Pacific League in a game for the fathers and sons of the east bay. A troop of Boy Scouts from Newark, accompanied by some of their fathers, will be on hand to see this contest. It has become an annual event, this being its second year, for the boys of this area. Free tickets were made available by the Oakland Tribune and the Oakland Baseball Park, sponsors of the game. Each baseball fan present will receive an Acorns cap as a memento of the event.

ON ST. PATRICK'S DAY

Judy Cline, eight year old daughter of Mr. and Mrs. Art Cline, was eight last Sunday. However, she and a large number of her school friends celebrated her birthday on March 17. Refreshments were served by Judy's mother and the children spent an enjoyable afternoon playing games.

"OUR MISSIONS INSIDE USA"

Mary Florabelle Circle of the Women's Society of the Presbyterian Church will be hostess to the entire Women's Society next Tuesday night. The Circle will present a discussion entitled "Our Missions Inside U.S.A.," according to Mrs. Ray Auchard, president. Mrs. Mable Wright is program chairman for the meeting which will take place in the church parlors.

SURPRISE PARTY

Miss Joanne Elias was the surprised guest of honor at a party to celebrate her nineteenth birthday. Her sister Claudette acted as hostess at the dinner and following party. Among the guests were: Nonie Beck, Charlotte Seward, Carmelia Pierce and Emily Jane Scott.

Joanne is an employee of the Metropolitan Life Insurance Company in Oakland.

SPONSOR CHARITY WORKS

A group of young girls known as the Junior Missionaries is beginning a house to house campaign this week to interest housewives in purchasing greeting cards, note paper, and the like. The purpose of the work is to raise funds for their junior missionary work which at present is endeavoring to aid a poverty stricken family in the township. Mrs. Leo Bohannon is in charge of the group which consists of about twelve girls.

COMMUNION, BREAKFAST

The district communion for the members of the S.P.R.S.I. will be held on Sunday, March 23, at St. Edward's Church. Mass will be said at 8:30 a.m. by Father Thomas Gilbert. Following mass, a breakfast will be served at the Newark Youth Center. Members from Alvarado, Centerville, Niles and Newark will attend. Mrs. Mary D. Lotti, president of District No. 4, is in charge of arrangements.

BIRTHDAYS

Birthdays during the past week were: Olivia Nash, celebrating her birthday on March 13; Joanne Elias, Frankie Sanchez, Ernest Cunha and Bill Clark, on March 14; Danny Lopez and Antoinette Madieras, March 15; Judy Cline, eight years old on March 16; and Judy Lloyd celebrated March 19.

AID IS ASKED IN HEALTH PLAN

Schools, doctors and county health department employees are seeking the cooperation of parents in a program for the prevention of diphtheria and smallpox, Dr. James C. Malcolm, Alameda County health officer, stated this week.

The program is being given top priority this year by health officials in Washington Township and throughout the county.

Medical authorities point out that these two diseases are preventable and may occur if children are not well protected. The best time to begin immunizations and vaccinations is before a baby is a year old, then at least two diphtheria boosters are needed before the youngster is of school age.

The most recent medical findings show that the school-age child needs diphtheria immunizations and smallpox vaccinations at least every five years. Smallpox vaccinations are also needed every five years throughout adult life.

Dr. Malcolm suggests that parents contact the family doctor if children's immunizations are not up to date. Physicians in the township are ready with extra supplies of vaccine in their offices.

Immunization clinics are held at the Health Department offices in the Alameda County building in Centerville the second and last Wednesday morning of each month. Hours are 8:30 to 11 only. Volunteer mothers from P.T.A.'s in Decoto and Niles assist in the clinic program.

TO MEET AT KITCHEN

The Oakland Real Estate Board will hold a dinner meeting at the International Kitchen, Niles, on April 3, to discuss Alameda County zoning problems. Interested persons are being invited to present their views on an over-all master plan for the county.

"What's wrong about integration? It's the way I operate, too!"

Many businessmen *have made comments like this: "The way I figure it out, this 'integration' you big companies are attacked for is just a matter of doing more than one part of a job. So what's wrong about that? It's the way I operate, too!"*

In answering this question let's consider first what the word means. "Integration" means simply carrying a job through several steps. Integration can't make a good company bad. It's a method any business may use as it competes for your patronage, increasing its efficiency and benefiting you by keeping price down. Let's look at the similarity between our operation and that of another integrated fuel-producer whose system is centuries old:

A woodcutter goes into a forest and fells trees. Standard drills into the ground and brings up oil. If the woodcutter sells the logs then and there... and if Standard sells the crude oil to some buyer at the well... there's no integration. Each has performed only one part of the job.

Now if the woodcutter takes the next step and cuts the logs into fireplace size, he has become an integrated business. Like him, Standard works to turn the product into the forms you use. We refine our crude oil into gasoline, lubricants, fuel oil, and other products. So we're integrated, too.

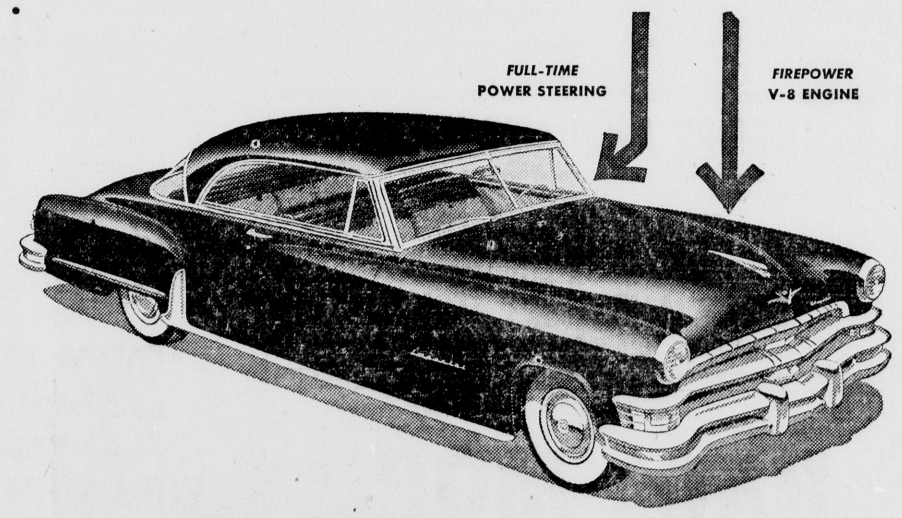

When the woodcutter hauls a load of firewood he extends his integration. He's now in the transportation business... as is Standard when we use our tankers and pipelines to transport oil from well to refinery, and the refined products from there to areas where they'll be used.

And if the woodcutter finally sells the firewood to you, his operation is fully integrated. Ours is, too, when we sell you fuel oil... or sell you gasoline at Company-owned service stations. So is integration wrong? Not at all. And we make best use of it to bring you better products at low cost.

STANDARD OIL COMPANY OF CALIFORNIA
• plans ahead to serve you better

WHAT ARE TODAY'S FACTS ABOUT NEW CAR ENGINES AND POWER STEERING?

LAST YEAR Chrysler introduced its new FirePower V-8 engine, and America's first passenger-car full-time power steering. Both new ideas "took hold" in a big way.

Today, others are announcing "new engines" and "power steering" . . . but with some basic differences worth keeping in mind if you're buying a new car.

First: about "new engines." The fact is, a really new engine *design* happens only once in a great while. It did happen in the FirePower V-8. Its 180 h.p. was only incidental to its *basic new design*. Its key idea is a *hemispherical* combustion chamber, which makes even *non*-premium gasoline develop more usable power than other designs can get from premium fuel.

Only Chrysler engineering has so far mastered this *design*. Several cars do have some power increase, in terms of previous designs. The important fact is that FirePower is not a "warmed-over" engine, but *brand new* in performance, construction, and efficiency.

In *power steering*, too, there are basic differences. Chrysler uses hydraulic power, *always in effect*, to do two things. First, it does 4/5 the steering *work* as you turn the wheel. Second, we've cut the *amount* of wheel turn needed by over 1/3.

Parking or cruising, you get more and easier control than ever before. In sand, snow, or ruts, the hydraulic power is always there to keep the front wheels from "steering back" at you. You get the same amount and feel of control *all the time* . . . full-time ease *and* full-time safety.

Actually, the differences, both in engine performance and in steering safety and ease are impossible to put in words . . . but just as impossible not to *feel* the moment you get into a Chrysler and drive it! Why not see your Chrysler dealer and do that, soon?

LOCAL GIRL SCOUTS TO APPEAR ON TV

The Centerville and Alviso Girl Scout troops are scheduled for an appearance on the "Laurel and Hardy" television show on Sunday afternoon, March 23, at 4:30, at the Chronicle Building in San Francisco. There will be 35 girl scouts in attendance.

Chaperones will be leaders, Mrs. Lydia Orsetti, Mrs. Mary Valles, Mrs. Angie Sabna, Mrs. Alice Lambrecht and Mrs. Mary Bettencourt.

The occasion will climax the week's Girl Scout 40th anniversary birthday celebration, celebrated by the troops.

Answer to this week's Guess Who: Jack Coley, Centerville.

LEE BENSON EDITS GARDEN CIRCULAR

Lee Benson, Alameda County farm advisor, has published a new circular for the home gardener entitled "Fresh Vegetables, Grow Your Own."

The circular deals with all phases of home gardening, including the planting season, soils, fertilizers, methods of planting, and irrigation.

There are specific sections on all vegetables from artichokes to watermelons.

Copies of the circular may be obtained, without charge, by writing or calling at the Agricultural Extension Service, P. O. Box 149, basement of the Post Office Building, Hayward. The telephone number is LUcerne 1-2446.

FIVE REGISTRATION PLACES ARE NAMED

Five more voter registration places have been designated in the township, it was announced this week by Chester E. Stanley, member of the Alameda County Board of Supervisors.

The five additional places other than at the Alameda County building in Centerville and Marshall's Variety Store in Decoto are: Solon's Service Station, Ellsworth Company and Niles Electric Company, all of Niles; the Mission San Jose post office; and Wright's Insurance Company, Irvington.

Registration officials for the county recently announced that over 331,000 voters have registered to date. In the 8th Congressional District of which Washington Township is a part, there have registered 104,239 Democrats and 64,357 Republicans. The registration for the 13th State Assembly District is 41,458 Democrats and 21,498 Republicans.

Officials also called attention to the fact that voters who have changed their residence since last election must re-register. Final registration date for the June primary elections is April 10.

1952 FIRE COSTS SET BY DISTRICTS

The Newark and Decoto fire districts announced their estimated 1952-53 budgets this week, the latter effecting at 12-cent decrease in the estimated tax rate under last year.

The preliminary budgets were $16,500 for Newark and $16,000 for Decoto.

As required by law, the fire districts are to prepare their preliminary budgets for public inspection prior to holding a public hearing before final approval of the budget. The public hearings will be held in both communities April 10 at the local fire stations. Detailed budget recommendations are open to inspection at the fire stations prior to that time.

The Newark budget includes $6,100 to be set aside for the purchase of new fire fighting equipment and $2,600 for maintenance and operation. Remainder of the budget is for insurance, utilities, wages and miscellaneous items.

The Decoto fire board has earmarked $9,668 for capital outlay for the fire station; $2,232 for wages; $2,790 for water and utilities and the remainder for miscellaneous items. The estimated tax rate for the 1952-53 year is 52 cents for the Decoto district, a decrease of 12 cents.

TWO PLEAD GUILTY IN NARCOTICS TRIAL

A plea to guilty to the charge of possessing narcotics was entered in the Township Justice Court this week by George Aranda and Daniel Gonzales. Judge E. A. Quaresma certfied the case to superor court for sentencing.

The two men, both residents of the township, were arrested late in February by sheriff's deputies when they were attempting to trade a quantity of opium and morphine for marijuana. The drugs had been stolen from a pharmacy in Alamda last December 2. Gonzales has admitted the theft.

The case was first appeared before Judge Quaresma on March 11 but it was postponed one week because the public defender assigned the two men informed the court that a "conflict of interest" between the two defendants necessitated a second defense counsel. It was then expected that one of the men would enter a not guilty plea.

TV NEWS

By LEO BOHANNON

It's fast getting to be a woman's world . . . at least in the realm of television. Not only are the gals making great strides as actresses and performers in the big, new industry . . . they're taking over important posts as writers, producers, directors and executives of all kinds. At first, it was thought that women couldn't fill the jobs in which they had to give orders to men, but it's working fine.

So . . . girls, if you have a yen to try your wings on TV . . .

let nothing stop you. It's a sure bet you'll be able to get someplace if you have the talent and ambition. TV is a talent hungry medium. And it takes a lot more people to keep feeding us the daily fare than ever before.

If you want to help turn the wheels of television, it's a sure bet you can find some way to do it. And if you'd rather just sit and watch, you'll find plenty of enticing entertainment week in and week out . . . for you, the youngsters and the whole family.

HOFFMAN EASY TELEVISION ranks high in quality reception and smart design. You'll like these smart new sets . . . affordably priced. And you'll like our expert service and installation. TV is our business . . . not a sideline at

K. OF P.'s ADOPT NEW LODGE NAME

Dating from March 5, the Knights of Pythias Lodge No. 170 will be known as the "Century Lodge."

Leonard Whitbeck, Art Cotton and Clarence Springer served on the committee that submitted names for members approval.

The Lodge received its charter in Centerville on March 20, 1890, taking the name of the town. Meetings were held there until July of 1950. At that time, because of inactivity during the war years, the lodge moved its meeting place to the Newark Youth Center in an attempt to revive the interest of the members.

Since that time 11 new members have joined the organization and four more will be initiated into the Page Rank at ceremonies in Oakland next Tuesday. They are George Latham, Ed Bimemiller, Buford Barks and Orville Haynes.

Last year the lodge held a box social, an old timers' dinner, spaghetti feed, several lodge parties, a public card party last November, a barbecue, a Christmas dinner for members and their wives and friends, contributed to the children's christmas party, and sent two boys to summer camp. Another box social will be held by the lodge in a few weeks.

SUNOL CHURCH MEN HOLD DINNER MEETING

Thirty members of the Men's Club of the Congregational Church of Sunol held a dinner meeting recently in the social rooms of the church, with John Amos, president of the Club, conducting the meeting.

The church has recently been re-activated and redecorated, under the capable supervision of the pastor, the Rev. Robert Whitaker.

The dinner was prepared by the ladies of the church.

DE GUADALUPE INSTITUTE HAS STUDY CLUB

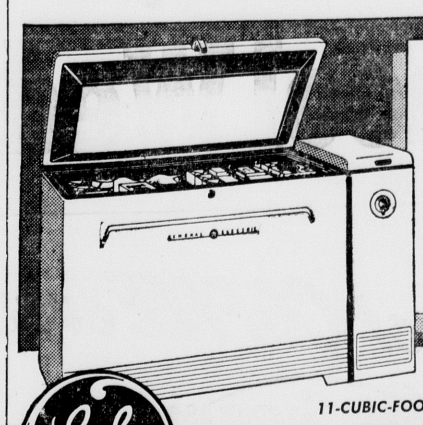

Following the regular business meeting of De Guadalupe Institute, Chaplain Fr. R. O'Connell began the first meeting of the Study Club by a discussion of the vestments worn by the priest. At the next meeting, he will speak on altars and the linens used on the altar.

At the next meeting of th institute members will celebrate St. Patrick's Day with a program following the regular meeting. The Past Presidents Club of De Guadalupe met at the home of Mrs. Florence Chericoni in Walnut Creek in February and at their next meeting, at the home of Mrs. Ray Murphy, they will reveal secret pals for the year.

California for about 90 years has been the leader of the mercury mining industry of the United States.

Home Economist Features Better Meals at Lower Prices

DOLLAR-STRETCHING menus will be discussed and demonstrated during the Country Carnival Cooking School to be presented by Esther Drell Day, noted home economist, during the afternoon of Wednesday, March 26, at the Veterans Memorial Building in Niles.

Homemakers of Washington Township—and their husbands too—get a break next week. At the Township's Country Carnival Cooking School, housewives will get advice from an expert on preparing time-saving menus which stretch the grocery dollars over many pleasant meals.

The instructor at the Cooking School will be Esther Drell Day, division home economist for the Pacific Gas and Electric Company. During World War II Miss Day was the area nutrition and canteen chairman for the American Red Cross.

She has conducted cooking schools in various parts of the state for newspapers, fairs, home shows, women's clubs, and publice schools.. Her background in the field of home economics includes 10 years of experience with utility companies' demonstrations and schools.

The noted home economist, who is a graduate of Texas State College for Women, will present cooking demonstrations next Wednesday afternoon at the Veterans Memorial Building, starting at 1 o'clock. There is no charge to attend.

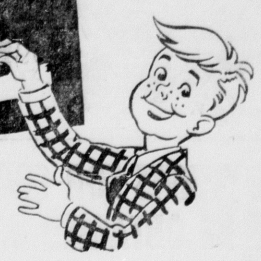

'RANGE IN HOME' CARNIVAL THEME

Paraphrasing the well known song, "A Home on the Range," the Country Carnival's theme song next Wednesday might well be "A Range in the Home," for local appliance dealers, as well as Mss Day, the home economist who will demonstrate the cooking of low-cost meals, will feature electric ranges.

Moreover, the grand prize of the day (tickets will be given away in the afternoon, but the drawing takes place that night) will be a beautful $300 electric range! (You lucky winner!)

FREE TICKETS FOR COOKING SCHOOL MAY BE OBTAINED AT LOCAL DEALERS

There will be fabulous prizes galore for the hundreds of Washington Township homemakers who will be on hand next Wednesday to learn some of the tricks in making good meals cheaper.

Magazine California "Country Carnival" will be staged during two outstanding programs, beginning at 2 in the afternoon and 7:30 in the evening.

Besides lessons in cooking by an outstanding food specialist, the "Country Carnival" will give economic housewives a true opportunity to see the most up-to-date utilites and appliances.

And all for free too. For the "Country Carnival" is a public service program arranged by Magazine California, the Northern California Electrical Bureau, the American Legion Auxiliary, local home appliance dealers, and The Township Register.

All the township's appliance dealers—Walter Conolly's, Niles Furniture, Centerville Electric, O'Mara's Home Furnishings, Nielson's, Ed Rose, Niles Electric and Newark Electric—are joining in this venture to serve the homemakers of the community.

The cooking school, featuring Esther Drell Day, home economist, will begin at 2 o'clock. She will demonstrate proper ways of saving money in cooking.

In the evening at 7:30 there will be a special entertainment program, featuring local talent.

Everything will be free, though. Even tickets for the fabulous array of prizes will cost nothing. And what prizes. Tickets that aren't acquired from local appliance dealers can be obtained at the door.

It will be an opportunity no economic homemaker would want to miss.

The first automobile advertisement in the United States appeared in the "Scientific American" on July 30, 1898.

LOCAL TALENT AT COUNTRY CARNIVAL

In addition to the excitement and suspense which will be in the air at the Country Carnival next Wednesday night, attendant upon the drawing for the grand prize—a beautiful electric range—free entertainment will be provided by some of the township's talented young people.

Carol Ann Rose of Irvington will do acrobatic dancing, as will the McElvain sisters of Niles—Helen and Veronica. Larry and Richard Robbins, also of Niles, will perform on the electric guitar and accordion. Another accordion artists who will appear is Gene Silva, a student at Washington High.

Reprocessed wool is made from scraps of knitted, woven or felted fabrics manufactured for the first time.

WAR CLAIMS ACT EXPIRES IN MARCH

Time for filing claims under the War Claims Act of 1948 will expire on March 31, Congressman George P. Miller of the Sixth District, stated this week. Ex-prisoners of war or civilian internees who have not yet acted under this law should do so at once, he urged.

"Anyone entitled tc benefits under this act should not delay filing a claim," Miller said. "The original deadline under the act was March 31, 1951. It was extended by Congress to give those who failed to file an opportunity to do so. Information may be obtained by contacting the War Claims Commission, Washington, D. C.

Many of California's 49ers were attracted to Australia in 1851 by fabulous gold strikes at Ballarat and Bendio.

HINTS FOR HOMEMAKERS

FISH IS LENTEN MENU MAINSTAY FOR FAMILY MEALS, PARTY FARE

by the
General Electric Consumers Institute

The 40 days of Lent are with us again—and for you as a homemaker, that means the annual problem of planning meals without meat.

You can vary Lenten dinners with egg, spaghetti and cheese entrees, but you'll be depending on fish for a good many meals this month because it's economical, nutritious—and tasty.

It can arrive on the table in a fancy form, too, says the General Electric Consumers Institute, suggesting Cheese Tarts with Shrimp as one Lenten dish made to order for special occasions.

Cheese Tarts With Shrimp

Tested in the G-E Consumers Institute

- ½ cup processed cheese, grated
- ¼ cup shortening
- 1 cup plus 3 tablespoons sifted all-purpose flour
- 1½ teaspoons salt
- 4 teaspoons water
- 3 tablespoons butter or margarine
- ⅓ cup chopped green pepper
- 1½ cups milk
- 1½ cups frozen cooked shrimp
- ½ teaspoon paprika
- 1 teaspoon Worcestershire sauce

Blend cheese and shortening. Sift together 1 cup flour and ½ teaspoon salt. Cut cheese mixture into flour mixture with a pastry blender or two knives until mixture resembles coarse meal. Sprinkle water over different parts of mixture. Mix thoroughly with a fork until all particles cling together and form a ball of dough. Roll dough out about ⅛-inch thick. Cut into six 4½-inch circles. Form tarts on underside of greased muffin tin. Prick well. Bake in 450° F oven for 8-10 minutes.

Melt butter on a high heat, add green pepper and saute for several minutes. Add 3 tablespoons flour; blend. Add milk and stir constantly until mixture thickens. Add shrimp, paprika, Worcestershire sauce and 1 teaspoon salt. Switch to medium heat and cook until shrimp is thoroughly heated (about 5 minutes). Fill cheese tarts with shrimp mixture and serve hot. Makes 6 tarts with shrimp.

And here are two other fish entree recipes from the Consumers Institute, one using frozen cod or haddock fillets and the other calling for canned salmon.

Baked Fish Fillets with Mushroom Sauce

Tested in the G-E Consumers Institute

- 1 1-pound package frozen cod or haddock fillets, 1½ inches thick
- Cold water
- 1 10½-ounce can (1 cup) condensed cream of mushroom soup
- ¼ cup milk
- ½ teaspoon salt
- Dash of pepper
- ¼ teaspoon paprika
- ⅛ teaspoon thyme
- 1 tablespoon diced pimiento
- Lemon slices

Place wrapped fish in cold water to cover (about 5 minutes). While fish is partially thawing, combine soup, milk, salt, pepper, paprika, thyme and pimiento. Mix thoroughly. Unwrap fish and place in 11 x 7 x 1½-inch baking pan. Pour sauce over fish. Bake in oven 400° F for 40-45 minutes. Garnish with lemon slices. Makes 4 servings.

Salmon Loaf

Tested in the G-E Consumers Institute

- 2 eggs
- 1 1-pound can red salmon
- 3 slices soft bread, cut in small cubes
- 1 teaspoon salt
- ¼ cup butter or margarine, melted
- 1½ cups milk

Break eggs into bowl and beat until light. Drain salmon, remove skin and bones, and flake. Add to eggs with bread, salt and butter. Heat milk to lukewarm; add to first mixture. Mix thoroughly. Place in greased 7 x 3 x 2½-inch loaf pan. Bake in oven 350° F for 1 hour. Makes 6 servings.

NIGHT STUDENTS MEET

Evening students of the senior class at Washington Union High School held an evening meeting recently to discuss graduating plans with J. V. Goold, district superintendent. Graduation will be held for some 20 night students on June 12 with the regular day student graduating class.

The group also discussed traffic safety and life saving. Mrs. Beverly Ornellas, secretary of the class, monitored the discussion.

RECRUITING SERGEANT TALKS TO STUDENTS

Sergeant Ben Franko or Hayward addressed the boys of the junior and senior class at Washington Union High School Wednesday on the Air Wing of the National Guard. Franko stressed the advantages gained from a three year enlistment adn informed his listeners of the training received during the 15-day camp period and the regular monthly meetings.

Say you saw it in The Register.
